

## The IPSUS experience

Joining Giovanni Mazzei at Il Caggio

In the words of Giovanni Mazzei, IPSUS is the truest representation of what he intended this wine to be: an accurate reflection of Il Caggio, the small clos that houses his young family and noble IPSUS vines. To mark the release of each vintage, the recipients are invited to visit Il Caggio for a tour of the cellar and tasting of the precious wines that have been borne from this unique hamlet.

While the construction of Il Caggio's new guesthouse was delayed, customers who buy IPSUS from approved merchants will soon be able dine and board at the estate, following a tour of the vineyard and a tasting in the cellars. Although this experience is yet to be inaugurated, Giovanni cannot wait to shortly have the chance to connect the buyers of his precious wine with his family, the IPSUS vineyard, and the region that he holds so dear to his heart.

In the meantime, every buyer of IPSUS has access to preferential rates for stays at neighbouring Castello di Fonterutoli, which can be redeemed through showing their IPSUS Certificate of Property upon booking.

*"Each bottle of IPSUS encapsulates an experience - a momentary journey to Tuscany, a glimpse into Il Caggio's harmonious setting. With the release of my latest vintage, I would like to invite collectors of the wine to experience for themselves the paradisiacal place I call home"*

- Giovanni Mazzei
